

Slot nuts twist-in, keyed Type I

Item description/product images

Description

Material:

Steel.

Version:

Electro zinc-plated.

Note:

The slot nut is twisted into the profile slot and so can be subsequently inserted into existing systems. The spring-loaded ball allows the nut to be fixated anywhere in the profile slot. The key centres the nut in the profile slot and keeps it neatly seated.

Overview of items

Slot nuts twist-in, keyed Type I
