

## Cover caps plastic for hex bolts and nuts

### Item description/product images

### Description

**Material:**

Body polyethylene.

**Version:**

Body white or black.

**Note:**

Suitable for DIN 931, DIN 933 hex head bolts and DIN934 hex nuts.

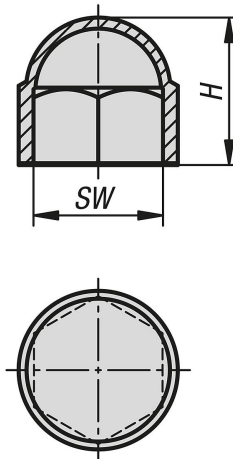

**Application:**

The cover caps with hex socket serve as protection against dirt, sharp edges and conceal protruding screw heads and nuts.

**Assembly:**

They can be pushed in by hand or tapped in with a plastic hammer.
