

Angle sets type B

Item description/product images

Description

Material:

Angle die-cast aluminium.
Screws and slot nuts steel.

Version:

Angle alu-tone.
Screws and slot nuts electro zinc-plated.

Note:

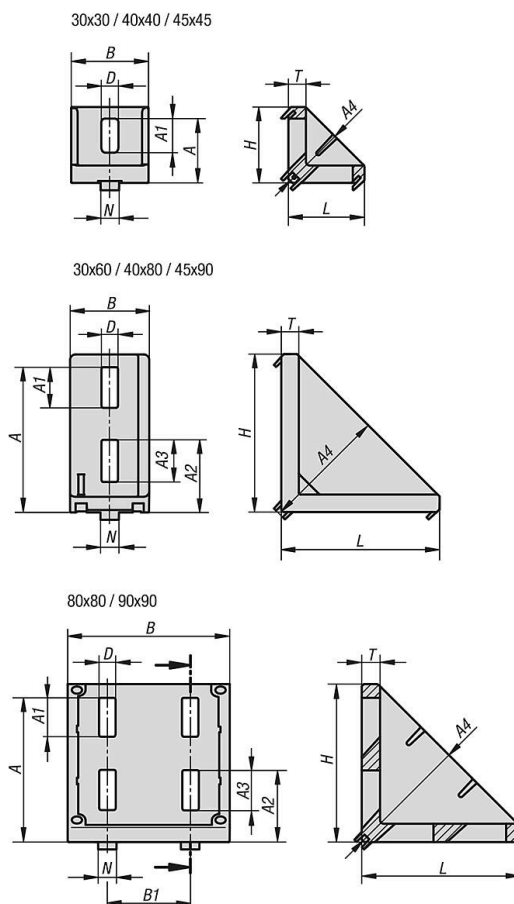

Suitable for reinforcing profile constructions and for frictional connection of profiles with each other without machining. Can also be used as fastening element (e.g. bracket) for components.

The angles have centring lugs for accurate and twist-proof mounting. The centring lugs can be removed if necessary by breaking them off e.g. for mounting plates. The open side can be closed off with the end cap K2187.

Accessory:

End caps K2187.
