

Stainless steel brakes

for roller elements

Material:
Stainless steel

Version:
Bright.

Sample order:
nlm 10448-01-10015

Note:
The brake is used in connection with the roller rails. The brake element is pulled over three rollers and ensures soft braking, in particular with heavy workpieces.

Order No.	Item

Plastic roller elements, compact

for roller rails

Material:
Roller and cage polyamide, glass-bead reinforced.
Steel axis.

Version:
Cage black.
Roller available in different colours.

Sample order:
nlm 10448-02-091

Note:
The roller elements are matched to the aluminium profiles for roller rails and can be mounted on them quickly and easily. No tools required. The compact design with a small centre distance is optimally designed for the low-vibration conveyance of sensitive items.
Suitable for aluminium profiles Type B and I.
