## Magnetic envelopes

with strong magnetics

**Sample order:**  
nlm 96471-217155

**Note:**  
Standard magnetic envelopes do not provide sufficient hold by severe vibration or poor surface area i.e. wire crates. These magnetic envelopes have two strong neodymium magnets which simplify handling in such a way that an envelope only has to be thrown at the wire box. The magnets sealed into the envelopes seek their own surface and ensure a secure hold.
