## Spring Floor Trolley

### Ergonomic workplaces

- FBW 180 and 350 made of anodised light metal
- vertically movable floor, which remains its level even with unbalanced loads
- top edge reinforced by light metal profile with plastic padding
- depending on the size of the trolley, the calibration of the springs can also be adjusted
- in case of one-sided loading, the floor does not tilt - the floor always adjusts the height to the weight of the load

### Dimensions outside (l x w x h in mm):

- D 1408/180 855x550x760
- D 1408/350 1115x690x855

### Dimensions inside (l x w x h in mm):

- 740x510x485
- 1000x650x580

### net weight:

- 33 kg
- 47 kg

### optional:

- Spring force can be changed as required
- Chassis change
- Other castor arrangements

### serial running gear:

- 4 swivel castors or 2 swivel and 2 fixed castors, (2 with brake), ø 125 mm, 40 mm width
