

CORNER CONNECTOR

PJ-100

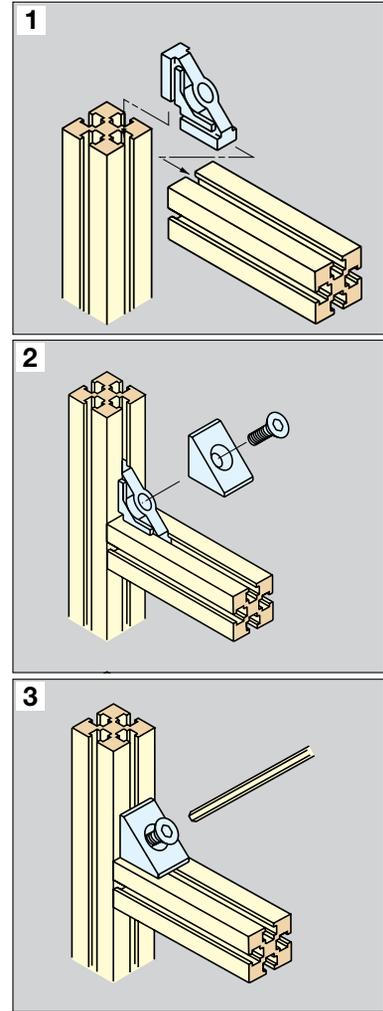

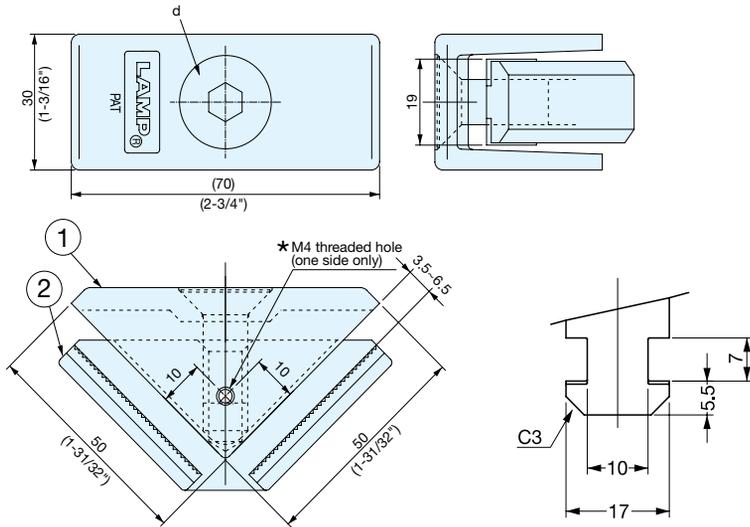

ENCLOSURE COMPONENTS

CORNER CONNECTORS

- Simplified slide-in design saves frame assembly time.
- Integral clamps eliminate need to align separate nuts and bolts.
- Tighten only one screw to connect frames.
- PJ-100 is designed for 10 mm single slot frames.
- M4 threaded hole provided on PJ-100T for panel installation.

PJ-100T (For 10mm slot frame)
