

LAMP® SOFT-CLOSE FOLDING DOOR SYSTEM

Door Width	380-460mm
Door Height	Max. 2600mm
Door Thickness	18-30mm
Door Weight	Max. 8kg (Per door) *1
Door Type	Bi-Folding Doors (Overlay)

\*1 Please prioritize door weight when selecting doors.

No guide rail on top or bottom, outfitted with soft-close mechanism.

Features

- When door is within a certain range, the door will automatically close itself due to its built-in mechanism.
- No rail on top or bottom makes installation easy.
- Door can be adjusted after installation because of concealed hinges.

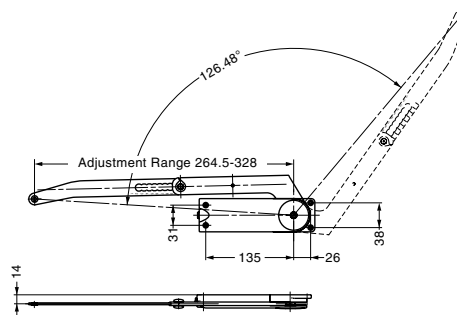

Remarks

- For the top and bottom concealed hinges, please place them 100mm from the edge. (Place the middle hinge equidistance from the others)
- The bi-fold door hinge should be evenly placed depending on the doors height.
- If you are using a hinge besides the H230, please contact our sales department for more information.

WARDROBE & CABINET DOOR HARDWARE

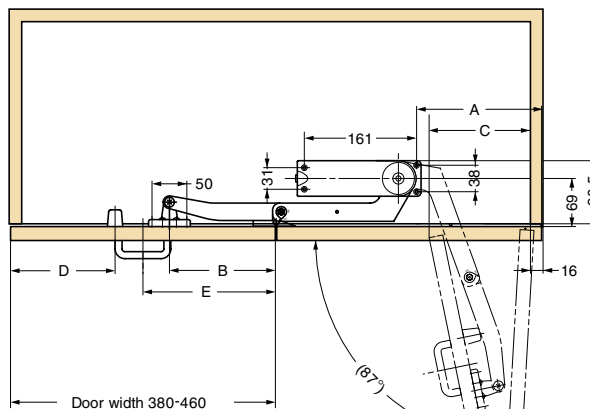

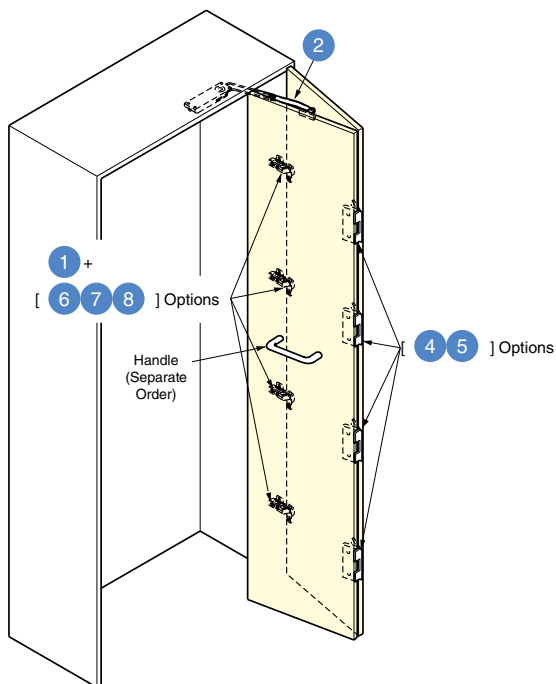

Body

Dimension

The circled numbers are referenced on the next page.

The picture below shows a right opening door. A left opening door would be the opposite set up.

The picture features SFD-3L-R (right opening type).

The installation above is for a half overlay hinge.

The above installation can be used for a full overlay hinge.

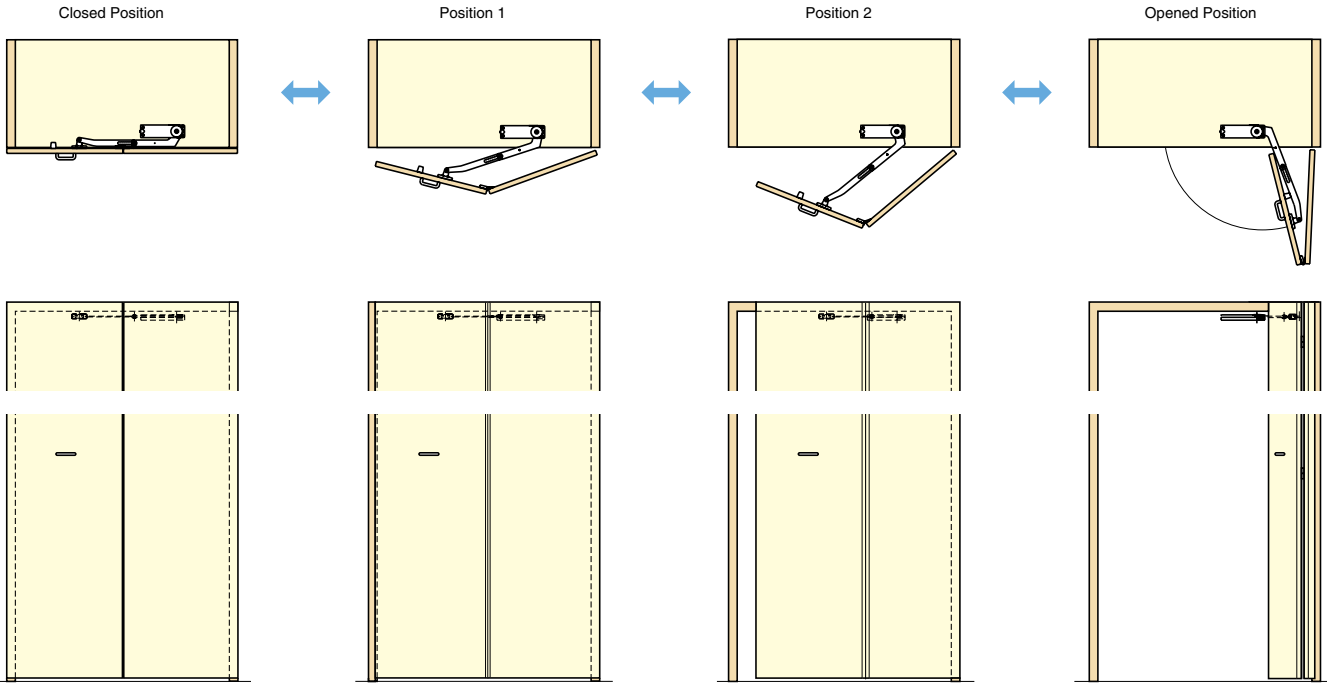

For use with an inset hinge, please contact us directly for more information.

\*2 Install the handle between the bi-fold door hinge and the position specified in column E (below)

Door Width	Available Range	Adjustable Position	A	B	C	D	E
380	375-385	1	179.5	152	(145)	(150)	(190)
390	385-395	2	184.5	155	(150)	(155)	(195)
400	395-405	3	189.5	158	(154)	(160)	(200)
410	405-415	4	194.5	161	(158)	(165)	(205)
420	415-425	5	199.5	164	(162)	(170)	(210)
430	425-435	6	204.5	167	(168)	(170)	(215)
