

HANDLE

MJH

Features

- Screw can be attached from either the front or the back. Separately sold caps hide the screw connections. The caps are available in 3 different colors.
- The inside portion of the handle is rounded and easy to grab.
- The caps are hard to take off and prevent unintentional removal.
- We can also prepare caps in different colors. For this type of order the MOQ is 3,000 pieces.
- The MJH-150 is SEMI compliant (SEMI S8-0308).

Remarks

Only hexagon top bolt are applicable.

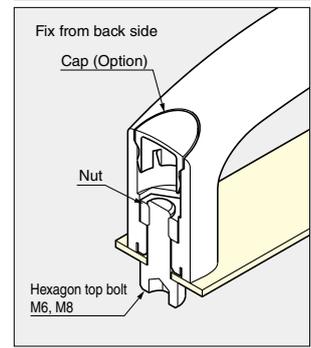

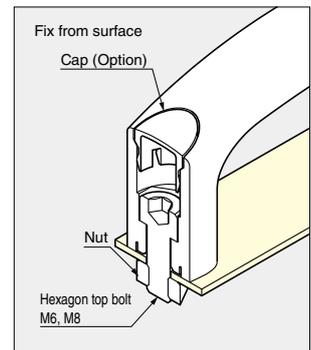

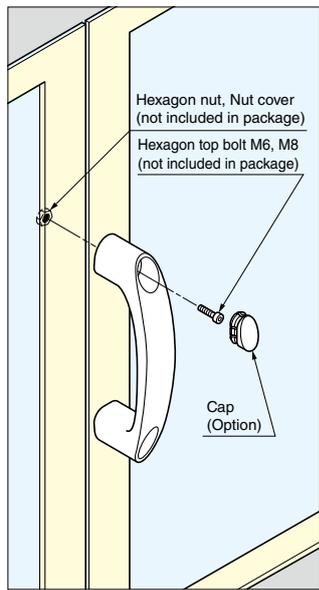

Recommended Screw

- MJH-93 : Hexagon top bolt M6
- MJH-120, MJH-150 : Hexagon top bolt M8

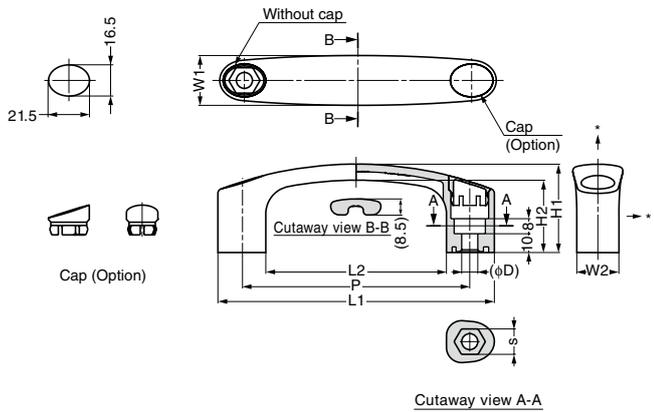

Caps (Option)

Installation

*Screws are applicable from both inside and outside.
