

## Item description/product images

## Description

**Product description:**

Elastic spiral cable for securing components to appliances or fixtures. The spiral design permits the secured component to be used over a wide area relative to the anchor point.

**Material:**

Spiral cable PUR.

Eye copper, stainless steel 1.4301 or stainless steel 1.4401.

Key ring steel, stainless steel 1.4301 or stainless steel 1.4401.

**Version:**

Spiral cable black or grey.

Eye electro zinc-plated copper.

Eye stainless steel, bright or black passivated.

Key ring chromed steel or bright stainless steel.

**Note:**

Elastic spiral cable to secure equipment parts. Very good reset force, robust and wear-resistant.

**Application:**

For securing loose tools or other components to appliances and equipment.

**Drawing reference:**

Form A: with key ring

Form B: without key ring
