

BRACKETS FOR PUSH LOCK FASTENERS **AS-252F** Inset/Small typeLatest
Information

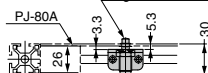

- Specialised bracket for inset mounting small push lock fasteners on aluminium frames.

STAINLESS**Compatible Parts**● PUSH LOCK FASTENERS 252F **1**, 255F **2**, 152FT **3**

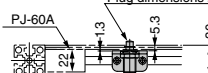

RoHS	Item Code	Item Name	Material	Finish
●	120-010-542	AS-252F	Stainless Steel (SUS430)	Barrel Polished

Refer to **1**: No.400 P.516, **2**: No.400 P.518, **3**: No.400 P.515**Convenient aluminium frame mounting set.**More about the AS series **1**Please use in conjunction with the separately sold joint system PJ **3**.**Cut Out Dimensions****Dimensions**

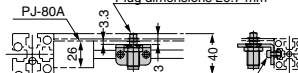

For 252F-06-3:
Plug dimensions 22.3 mm
For 255F-05-3:
Plug dimensions 26.7 mm

PJ-80A+30x30 mm
Example of frame use

For 252F-04-3:
Plug dimensions 20.7 mm
For 255F-03-3:
Plug dimensions 25.1 mm

PJ-60A+30x30 mm
Example of frame use

For 252F-06-3:
Plug dimensions 22.3 mm
For 255F-05-3:
Plug dimensions 26.7 mm

PJ-80A+40x40 mm

BRACKETS FOR PUSH LOCK FASTENERS **AS-51F** **Offset/Large type**Latest
Information

- Specialised brackets for offset mounting large push lock fasteners on aluminium frames.

STAINLESS**Compatible Parts**● PUSH LOCK FASTENERS 151F **1**, 251F **2****Mounting jig data available online.**

3D data and reference drawings can be downloaded on our website.

Dimensions**Method of selecting grip dimension G:****G = Panel thickness T₁+C+B**

B: Clearance between top surface of aluminium frame and top surface of socket

C: Gap between panel and top of aluminium frame

*C=0 if the panel is placed directly on the top surface of the aluminium frame.

Push Lock Fasteners	Dimension B
151F	1.0
251F	1.0
