Installation Image

Be careful not to get fingers caught in this space when folding.

- Can be folded when not in use, allowing full use of space.
- Automatically locks when flap is in opened position. The lock can be easily released by pushing the lever.
- **Keeps in folded position and has click sound when fully closed.**
- By using the optional EBD **1**, you can make it a Soft Close type.
- Can be used in conjunction with the EBN-DA (built-in damper type) **2**, excluding the EBN-200 model.
- No hinges are needed.
- This product is the successor to the EB model. It cannot be used in conjunction with the EB.
- The access hole has been added, making it easier to install.
