# DRAWER SLIDE C203V Under Mount

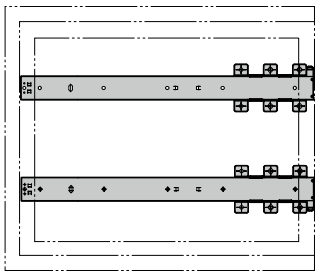

- The slides are mounted to the underside of drawers or decks.
- Hidden from view when opened, unlike side-mount slides.
- The outer member can be removed by operating the lever.
- The main body is only 19.5 mm thick.

**[Application]**
- Showcase for jewelry, watches, etc. in the store
- Cupboard, etc. in hotel

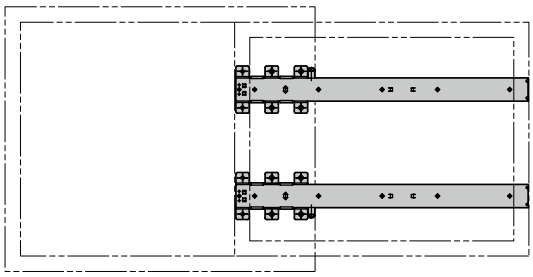

**[Recommended Screw]**
- Outer member: M4-binding head screw, M4 truss head screw
- Inner member: M5-binding head screw, M5 truss head screw

**[Remarks]**
- Be sure to read the cautions 1.

Top View (when closed)

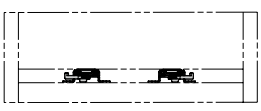

Top View (when opened)

The slides are concealed underneath the drawer/deck for a modern and sleek look.

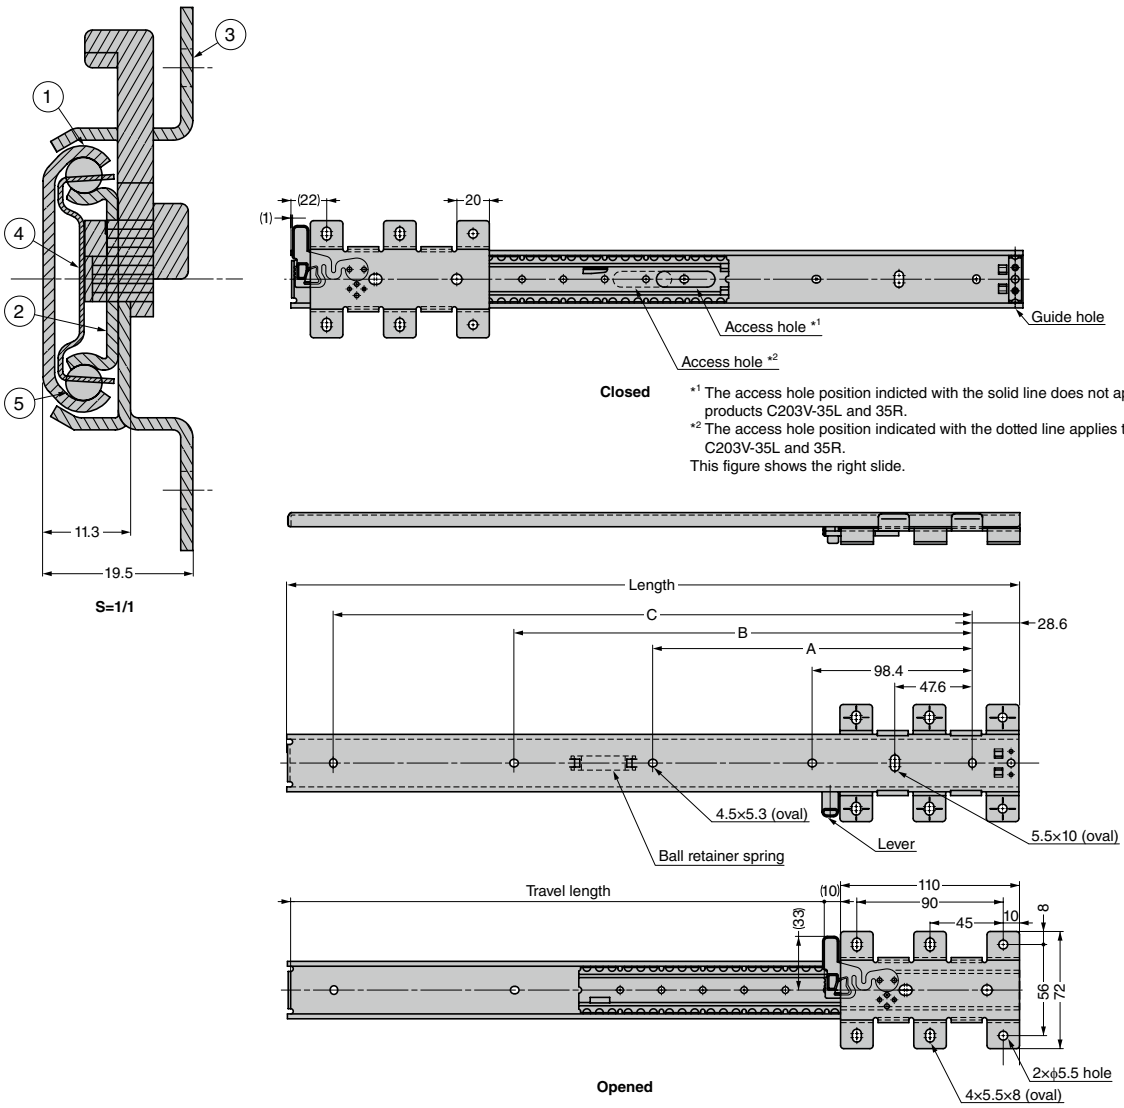

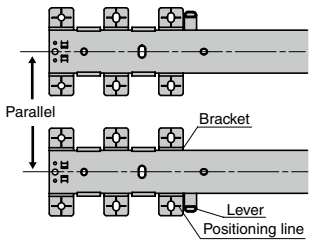

Side View (when opened)

Front View

Refer to 1: No.400 P.544

The slides can easily be mounted in parallel because of the bracket's slotted holes and positioning line.
